

Query about EOI Document of EOI No.: NEA-FD-2081/82-CS-01 for DDA

Query	Response
<p>Since, the EOI allows "Consultants may associate with other consultants to enhance their qualifications" and to form the JV of upto 3 Firms, it is our understanding that the required eligibility can be of any of the JV partners. Such, that we wanted to seek clarification that if it will be possible to form JV between Firm possessing Foreign Affiliation and Firm with 15 Years of Experience to meet the eligibility criteria?</p>	<p>As mentioned in the Section C point no. 7.1 of EOI document, Related to Eligibility Criteria "The Consultant should be a Chartered Accountants Firm registered in Nepal, possessing Foreign affiliation and having a minimum 15 years of experience in the field of DDA/Auditing/accounting/consulting services."</p> <p>As per this clause, the leading Firm as well as all the JV partners must have comply with all the above mentioned criteria for being eligible.</p> <p>Hence it is not permissible for the JV to include a firm with foreign affiliation and another firm with the experience of at least 15 years in DDA/Auditing/Accounting/Consulting services.</p>
